Dear Friend

W. L. Garrison

87 Just previous to the gift festival I forwarded a small donation thirtoo, addreped to thy wife, yesterday it was returned to me not having been called for, I did not consider her ill health, or I should have troubled some other member of the committee with it. I will now send it to thy care, it may be better late than never; tho small as it is, it will serve as a memento of our continued interest in the glorious cause of Freedom which we have so long hoped to see triumphant.

Permit me also to ask if thou canst give us any encouragement of thy being able this year to attend the annual Meeting of the friends of

Human Progress, at Waterloo.

The committee have long been desirous of obtaining thy company and services at that meeting, and on their behalf I make this request, and inquiry. I think the meetings have been very beneficial that have previously been held there.

In addition to the pleasure of doing good, thou will undoubtedly meet some genial spirits also. I hope so much that thee will come. Please let know in time to have thy name announced with the call, for the meeting which will be the forepart of June.

We were very much gratified in receiving a call from thy son, though we regretted it was not a longer visit

Please present my love to Mrs Garrison with desires for her return to health

With sentiments of

true regard I remain

thy friend — Amy Post
